

"Peeples Elementary School was privileged to have Gladius participate in our 2015 Cultural Arts Week program. He is an artist with an immeasurable amount of talent. Our students greatly benefited from his presentation and performances as they learned a lot about both flamenco style music and rock style music using the guitar. Gladius demonstrated to the youth in our school what it looks like to persevere through a trialing time as well as what it looks like to use his passion to positively impact the lives of others through his vibrant music! His program was vey professional and he did a superb job relating to the students. We would love to have him return to our future Cultural Arts Week programs!"

- Lina Martin, Peeples Elementary School Cultural Arts Week program coordinator (Fayette County, GA)
